

“And God said let there be light.....”

Re-lighting St Mary's Church Worplesdon

It is over 30 years since St Mary's had new lighting and we have exciting plans for new up to date and eco friendly lighting to be installed later this year. This will transform the interior of the church and enable many pre-set scene settings.

The total cost will be £40,000 and we would like to invite you to sponsor the purchase of a light fitting or to make a donation towards the overall cost.

The wall mounted light fittings in the chancel cost approx £300 (x4) the pendant light fittings in the nave £600 (x6) and spot lights £75 (x33). However any donation big or small will be really appreciated.

If you are able to make a contribution add your name, address and telephone number to the list and one of our churchwardens will contact you. Alternatively you can send your contribution to the Parish Office. If you are a taxpayer you can “Gift Aid” your donation.
